

GENERAL NOTES

All lights must have color frames, barn doors and working shutters.
 There are 15 x dimmer channels on floor.
 We need 4 x sidelight towers and 2 x floorstand.
 We need 1 x goboholder for A size gobo.
 Audience lights are needed but not drawn on the LX plot.
 We use 34 x dimmer channels without audience lights.

- Full range speaker x 5 placed on floor.
- PA system hung at approximately 6m height.
